TWO CENTS

TO DOUBLE TRACK MONONGAHELA SYSTEM TO WEST VIRGINIA FIELDS

Great Interest In Coal Development Compels Great-er Railroad Facilities

OVER SEVENTY NEW COMPANIES

In offering adequate facilities to those seventy some new coal companies, bordering on the Pennsylvania-West Virginia state line, officials of the Monongahela Railway announced on Wednesday that the company would begin at once the laying of a double track from Brownsville to Fairmont.

For this gigantic undertaking a sum of \$4,000,000 has been appropriated, or at least this is the positive assurance of Colonel J. M. Schoonmaker, president of the railroad, who spent Wednesday in Morgantown and who is authority for the announcement of the proposed improvement.

In making the announcement President Schoonmaker declared that his company dared not be so inconsiderate of the vast coal enterprises springing up in this district within a three months period and that some adequate facilities would have to be provided.

Some days prior the Baltimore and Ohio officials announced, from that district, that plans had been consummated for the double-tracking of their system from Connellsville to Fairmont, this plan pursued in affording adequate facilities to a rich coal enterprise center.

To add to the importance of the Monongahela-Preston coal center, the Bethlehem Steel company, in an announcement made on Tuesday last, stated they had purchased 100,000 acres of rich coal and mineral land at Reedsville, Preston county, West Virginia, one of the border counties, and that in their purchase they had come into possession of an ideal site for a model city.

New stations will be placed at different points along the Monongahela system, one already being assured for Fairmont, officials say. The Baltimore and Ohio has made considerable headway in its double-track system already.

MICHAEL DOOLEY DIES FROM INJURIES

Michael Dooley, who was badly crushed in the George Dawson mine Thursday afternoon at 2:30 o'clock and who was taken to the Mercy Hospital, Pittsburg, later in the afternoon, died at that institution at 3:25 this morning. The body was brought to the Crowley undertaking rooms at noon today and prepared for burial.

Mr. Dooley was a former resident of Dunlevy, but for the past year or more has been living at 213 Lockout avenue. He was aged 62 years. He was well known in mining circles, having followed this occupation all his life, and at the time of his death was an Auditor of the United Mine Workers of America.

ON PAROLE BUT MUST LEAVE STATE

Mellon Clasner, of Vestaburg, sentenced to a year in the penitentiary at the August term of criminal court for the larceny of a cow, has been paroled. Under the terms of the parole he paid the costs, amounting to about \$300, made restitution for the cow to the amount of \$150 and agrees to leave the state during the term of parole. He will go to West Virginia to the home of his father. The stolen cow was killed for beef. Clasner has been in other trouble about Vestaburg and it was deemed best that he should not return to the community.

RECEPTION WAS A PLEASANT OCCASION

With baby carriages lining the sidewalk in front of the Washington Avenue Presbyterian church, Thursday afternoon, the "Home Department and Cradle Roll Reception" was an event of more than ordinary importance. The presiding officer was Miss Elizabeth Wise, chairman of the Home Department of the Sunday school. Devotions were led by Mrs. F. C. Stahman and Miss Grace Gelder presented a poem on "Childhood." A special musical number was given by Mrs. John Metz and Rev. Mr. Burson, accompanied by Mrs. Thomas Barger.

At the close of the program tables which had been prepared were brought to view when screens were taken away, and as the little folks took their places it was indeed a pretty sight. Flowers added color to the scene and the laughter of children's voices made the whole assembly happy. Rev. Burson gave the closing address, emphasizing the need of religious training in childhood and the place of the Bible in our lives.

The day closed with a pleasant memory for all present and with thanks to the committee for planning the happy event. The following were the hostesses of the occasion: Miss Elizabeth Wise, Mrs. John F. Bowman, Mrs. Walter Garcia, Mrs. W. A. Poundstone, Miss Ella Bake, Mrs. Walter Pangburn, Miss Grace Gelder and Mrs. H. A. Williams.

Song Recital And Concert Was An Artistic Success

The song recital by the celebrated Metropolitan soprano, Madame Odette Le Fontenay, which occurred at the high school auditorium last evening, was a most pleasing event. An unusually large and representative audience was in attendance, practically every seat being occupied. The stage was tastefully decorated, a profusion of potted plants adding much to the general effort. At the side of the piano stood the Edison talking machine, which was used in several of the numbers on the program. The voice of the singer blended so well with the re-creation of her tones on the machine, that it was practically an impossibility to distinguish one from the other. This was most realistically shown during the singing of Spross's "Yesterday and today," when the house was darkened, leaving Madame Le Fontenay standing near the machine, singing. When the lights were turned on a few moments later, the singer had disappeared and it is certain that

but few could detect the exact moment when the singer's voice ceased, so perfect was the re-creation on the machine.

Madame Le Fontenay is an artist of pronounced qualifications. Her voice is one of much purity and she sings with an ease which is refreshing. Her interpretation of the concluding number on the programme, with piano accompaniment, showed her at her best, and her effort was greeted with loud and continued applause. She responded to an encore with Mrs. Beach's "The Year's at the Spring," which was extremely well sung.

Mr. Raymond Barry, who presided at the piano, proved to be a most capable performer, and made a most favorable impression by his splendid work.

Music lovers of Charleroi and vicinity are indebted to W. B. Pfeighardt, local representative of the Edison talking machine, for a most delightful evening.

Warned Against Dumping Refuse Of Railroad Property

That the Pennsylvania Railroad company proposes to take drastic methods to prevent the further use of its property at the lower end of town as a garbage and refuse dump is found in the activity of its officers, who have been making an investigation of conditions there for the past few days.

It will be remembered that the railroad company addressed a letter to the local board of health a few days ago, calling attention to the fact that the railroad right of way in the vicinity of Tenth street was being used as a dump for garbage and refuse, and suggested local co-operation in improving a condition that was becoming very distasteful to

the railroad company, as well as a menace to health conditions.

In the meantime the railroad company placed its own officer on the job, and as a result railroad detective Frank Jones summoned a number of residents of that locality to appear before Justice Paul Nutt, on Wednesday evening and Thursday morning. All of those summoned admitted they had been dumping garbage and refuse on the railroad property, and that the practice had been kept up for some time. Justice Nutt gave the defendants a lecture on their wrongdoing and after warning them that a repetition of the offense would carry with it a heavy fine, he dismissed them all on the payment of the costs.

ELECTION PROCLAMATION GIVES VOTERS A LIST OF CANDIDATES

CELEBRATE TWELFTH WEDDING ANNIVERSARY

Mr. and Mrs. R. A. Metz celebrated their twelfth wedding anniversary at their home, Lock Four, last evening. The evening was spent in games and music, and the occasion was most enjoyable. The decorations were of a hallowe'en order, while the festivities were in keeping with the season. Mr. and Mrs. Metz were the recipients of a number of beautiful presents, tokens of esteem from their friends. A large number of guests were present. Those from a distance being Mrs. Henry Woods, Uniontown; Mrs. Charles Fortney and daughter of South West, Pa.; Mrs. J. C. Levergood, Mrs. W. C. Durbin, Mrs. Curtis Mosser, Roy Levergood and S. E. Porter of Dawson, Mrs. Mary Stilwell of Carmichaels, and Mrs. Sim Stilwell of Masontown.

Seven Parties Are In The Field With Candidates For President

BALLOT WILL BE QUITE LARGE

The official ballot for the coming general election on Tuesday, November second, has been officially certified to the County Commissioners and is now in the hands of the printers. A list of the candidates on the ballot appears in the columns of The Mail today and should be studied, not only by the new voters who for the first time will cast their ballots at the coming election, but by all of those who have been exercising the rights of franchise for years.

The ballot is large in size, for it contains the names of the electors of seven parties, viz: Republican, Democrats, Socialist, Prohibition, Independent, Labor and Single Tax, and there are thirty-eight electors for each party ticket to be voted for.

The first column on the ballot provides for the voting of a straight party ticket. All that is necessary for the voter desiring to vote for all the candidates of any particular party is to mark an "X" in the square opposite the name of the party. Then follow squares which contain the names and party affiliations of the candidates for United States Senate, Representatives in Congress-at-Large, four to be voted for, State Treasurer, Auditor General, Representatives in Congress from the 24th District, Representatives in the General Assembly, three to be voted for, and the Presidential electors, thirty-eight in all, the candidates for president however, being designated at the top of the columns and a square there, making it possible to vote for the entire thirty-eight with one marking.

There is also a separate square or rectangle headed "Judicial ticket non partisan," which contains the names of the candidates for Judge of the Supreme Court and Judge of the Superior Court. Each voter must mark for these candidates separately even though he marks a straight party ticket, inasmuch as there is but one candidate for each of these non partisan offices there ought not to be a confusion on the part of the voter as to this part of the ballot.

At the bottom of the ballot the voters have the opportunity to vote for two proposed amendments to the constitution of the state. The first amendment provides that the general assembly shall have power by general law to provide for the incorporation of banks and trust companies and to prescribe the power thereof. The second provides for the increase in the borrowing power of cities of the first class—that of Philadelphia, and if carried makes it possible for the general assembly to enact a law alone for this one city, not affecting any other part of the commonwealth.

DR. HUNTER'S FATHER DIED ON THURSDAY

William W. Hunter, aged 83 years one of the most widely known and highly esteemed residents of Washington county, died at his home in Bucalo Village, Thursday morning at 11:30 o'clock. He had been in failing health for some time and his death was not unexpected. Funeral services will be held in the Upper Buffalo Presbyterian church, Saturday afternoon at 1:30 o'clock conducted by Rev. G. W. Snodgrass, pastor assisted by Rev. Dr. W. E. Slemmons, pastor of the First Presbyterian church of Washington.

Mr. Hunter was a man of force and character and always a power for good in the community. Although incapacitated by the loss of an arm from active service as a soldier in the Civil war, he served for two years as a teamster without pay, and was an honorary member of the G. A. R. For years he was an ardent temperance advocate and one of the joys of his life was to live to see the prohibition amendment written into the National Constitution.

Mr. Hunter was born in Hopewell township, this county, March 4, 1837 the son of William and Mariah J. Chambers Hunter. The Hunter family originally came from Ireland, where the grandparents, John and Jane Hunter were born, brought up and married. In 1880 they came to Washington county and settled on a farm near Buffalo Village. Shortly after their arrival their son William, the father of W. W. Hunter was born.

Besides his wife Mr. Hunter is survived by four sons, Dr. Joseph Hunter of Charleroi; John S. Hunter, located on the home farm; Clarence M. Hunter of Monongahela and Howard T. Hunter, teller of the Washington Trust Company at Washington.

President Wilson insists upon having another referendum. In 1918 on the eve of the Congressional elections he issued an address to the voters of a country begging them, if they desired to endorse him as their spokesman in foreign affairs, to return a "moral majority" in both Senate and House. The voters promptly returned a Republican majority in both Houses. President Wilson asserted that he would "accept your verdict without cavil," but he went to France and insisted that he had been authorized by the American people to bind them to the obligations of the league of nations. On his return to America he declared that an overwhelming majority of the people demand the league, but he found it desirable to go on a speaking tour of the country in an effort to convince that overwhelming majority that they ought to be for the league. Since the Democratic defeats in the 1918 elections, there have been many notable political victories for candidates who are avowed enemies of the league in the form in which Wilson proposed it, but even all this evidence of popular disapproval of his scheme of national surrender is not sufficient to convince him of the error of his ways. He wants one more referendum in November—and he will get it.

NEW OIL GUSHER

IN FONNER FIELD

Hundreds of persons visited the "new" oil field, extension, near Dunn's station, in Amwell township to see the oil gusher on the William Week farm, which was drilled in on Tuesday by Myers J Long of Waynesburg. Last night the well was reported to have continued to flow at the rate of 75 barrels an hour. It is said to have produced more than 2,000 barrels since the pay was tapped.

Strikes in the Fonner field during the last two years have been the largest in Western Pennsylvania. Apparently the pool there is the biggest in that section and the new gusher is certain to give impetus to operations.

MINER DIES FROM TOO MUCH ALCOHOL

Having died, it is believed, from excessive drinking of alcoholic concoctions, the lifeless body of John Sanga Pabuk, aged 51 years, a miner, was found on the steps of his home at Newtontown on Wednesday. Death was due to heart failure. Pabuk had been drinking heavily for several days, any variety of alcoholic beverage being sought by him. "Raisins" and "jakey" are believed to have been the principal ones. Coroner Greenlee will conduct an investigation.

TWO DAYS A WEEK TO BURN REFUSE

The Uniontown board of health has set aside two days each week for the citizens of that city to burn leaves and summer debris. This refuse must be placed in metal containers and burned on Tuesdays and Fridays of each week and any failure to comply with the regulations of the health authorities will meet with prompt action on the part of the board of health.

IMMIGRANT LABOR IS WIDELY SOUGHT

Hundreds of letters from manufacturers, coal operators, railroad managers, farmers and other employers of labor are being received at the New York harbor, as the result of the activities of the newly organized bureau of distribution which is endeavoring to place immigrants in American industry.

SENATOR HARDING PROPOSES WELFARE POST IN CABINET

Tells 12,000 Women He Favors Department in Defense of Mothers, Childhood and Public Health.

TO ADVANCE SOCIAL JUSTICE.

Emphasizes Need of Safeguarding Women on American Farms. Stands for Enforcement of Law

Marion, O.—The creation of a Federal Department of Public Welfare to function in defense of maternity, childhood and public health was proposed by Senator Harding in a speech on social justice to 5,000 women who came to his front porch from all points of the compass.

Such a department, said Senator Harding, must "avoid the fearful results of bureaucracy. There can be no more efficient way of advancing a humanitarian program," he said, "than by adapting the machinery of our Federal Government to the purposes we desire to attain. While others may have their eyes fixed upon some particular piece of legislation or more particular policy of social justice which calls for the sympathetic interest of us all, I say, without hesitation, that our primary consideration must be the machinery of administration, and that when the time comes for us to reorganize our administrative government in Washington we must all stand together for the creation of a Department of Public Welfare.

"I pledge myself today," he said, "to support with all that is in me whatever practical policy of social welfare and social justice can be brought forward by the combined wisdom of all Americans. Nothing can concern America, and nothing can concern me as an American, more deeply than the health, the happiness and the enlightenment of every fellow American.

Must Avoid Paternalism.

"The social justice that I conceive is not paternalism. It would be easy to make it so, and dangerous indeed to the best spirit that Americans can have—the spirit of expressing by the individual free will one's own merits, capacity and worth. We do not want government to suppress that expression of free will, even by benevolence, but we do mean to preserve in America an equal opportunity and a preparedness for self-expression therein, even though we use the government to do it.

"I believe that there is no step more practical, no step which will mean more to the growth of America's social welfare; no step which will guarantee better America's social justice, than one which I propose to you.

Dangers to Be Avoided.

"I have no doubt that there will be some who will find in this proposal cause for calling me an extremist, but when we have a task to do, which has been dictated by our conscience and approved by our wisdom, let us straightway find the way to do it. I do not say this without a word of caution. I recognize certain dangers which are always presented when government undertakes large and detailed tasks."

Tasks of Social Justice.

Senator Harding pointed out the necessity of going forward upon a sure footing and declared:

"When making the proposal for a department of public welfare to America, I am aware that I have made a step in advance of any platform.

"We all know that we face tasks of social justice, which we must undertake with dispatch and efficiency. Who can suggest one of these tasks which can supersede in our hearts, or in the rank which foresight and wisdom will give that of the protection of our maternity?"

"The protection of the motherhood of America can not be accomplished until the state and the nation have enacted and, by their example, have enforced customs, which protect womanhood itself. I know full well that there are women who insist that women shall be treated upon the same basis that men are treated."

Senator Harding discussed the need of adequate protection for women in industry and expressed his belief in the wisdom of an eight-hour day for women workers. He emphasized the need of safeguarding the women on American farms. He proposed putting the Children's Bureau under the suggested Department of Public Welfare, and urged prevention of abuses of child labor.

"I must not fail," Senator Harding went on, "to speak to you of one of the measures of social justice and social welfare not often catalogued in this manner, but perhaps more important than any we have considered. I refer to the enforcement of law. It will not be my business when elected to decide what laws shall be. It will be legitimate for me to invoke public opinion for their enactment, but such a call to public opinion must be based more upon the duty of the Executive of the nation to give facts to the people than upon his desire to give opinion, theory and propaganda. The enforcement of the law is an Executive responsibility and must be undertaken by the Executive without regard for his personal approval or disapproval of the law, which it has been the people's will to enact."

New Young Americans Learn of Nation's Obligations to Them

Twelve thousand women from all parts of the country travelled to Marion to hear Senator Harding's noteworthy address on social justice in which he proposed a Federal Department of Public Welfare to function in defense of maternity, childhood and public health. Here is seen Senator Harding and Mrs. Harding surrounded by a group of girls of foreign parentage from Chicago, who sang America as part of the ceremonies. The girls are dressed in their native costumes.

12,000 Women Hear Harding's Address on Social Justice

Twelve thousand women from all parts of the United States went to Marion to hear Senator Harding's address on social justice in which he urged the creation of a Federal Department of Public Welfare to function in defense of maternity, childhood and public health.

PRAISES HARDING'S WELFARE PROGRAM

"Senator Harding's address on social justice in which he proposed a Federal Department of Public Welfare, is the longest step and practicable proposal yet taken by any man of official responsibility," declares Hon. Simon D. Fess, representative in Congress from Ohio.

"His program goes directly to the core of the problem and demands protection, first, of motherhood, by safeguarding maternity then of childhood, by proper legislation, and through these, the national health against invasion of disease through low standards of morals and commercial aggression of industry, which exposes to epidemics," he said. "He recognizes social justice not as a woman's problem, but as a general problem, in which women play a larger part. Hence, his specific demands that women be placed on various boards, Federal and State, which have to deal with problems of employment, labor adjustment and wherever national health is to be determined. This concern must extend to women in agriculture, as well as industries."

"Senator Harding's sound common sense prevents his dealing in general theories at the expense of practical results. Altho the dangers of bureaucracy, against which he warns, he asks for a reorganization of our departments at Washington which will be one of his earliest tasks, and recommends the creation of a Department of Public Welfare, to have directions of the problem of social justice. This will prevent duplication of agencies by uniting a half dozen bureaus now doing a haphazard work into one responsible and responsive department of the government. This step carries a program of social justice from the stage of theoretical speculation to that of practical execution, and the country can expect immediate action along practical lines."

GOVERNOR SPROUL SAYS WOMEN NOT IN FAVOR OF COX

"Women voters are not for Cox," says Governor Sproul of Pennsylvania and the reasons are not far to find. Governor Cox has alienated the affections of great masses of American women. In the first place it is generally conceded that his intimate friends knew that in his heart he did not want women's suffrage and that his sincere friends were of this opinion.

There are a great many travelling men in this country. They are, as a class, constructionists of a high order. Their intelligent optimism has often held a merchant up past the breaking point helping save his business. These travelling men have devoted interest in what their husbands are doing. Cox lost what friends he may have had among these good people by his amazingly stupid attack on commercial travelling and the travelling man.

LAUDS HARDING'S WELFARE PROGRAM

Marion, O.—Mrs. Raymond Robins, of Chicago, was the spokeswoman for thousands of women industrial workers and women interested in problems of public welfare who gathered here to listen to Senator Harding's speech on "Social Justice."

Mrs. Robins, who is president of the National Women's Trades Union League, said:

"We have come knowing well that we represent but one of many groups

MRS. RAYMOND ROBINS.

of citizens in America, with necessarily divergent interests, and we understand we must find the way so to relate our various needs and hopes and aspirations that out of such interrelationship may come the realization of America's ideals, for first and above all we want to serve our country."

"We have always known," said Mrs. Robins, "that certain groups of women are vitally interested in social and industrial questions—but we did not know that the great mass of women, all sorts of women, young and old, from the farms and from the cities—are also interested."

"What is it they see in the call to social justice? They see their opportunity to serve the nation and through a program dealing with the vital issues with which they are at home, the protection of childhood, the care of mothers and babies, the safeguarding of women workers, the conservation of health and the needs of women on the farms."

"We have listened to a great speech, one of the few great speeches of a decade, and its effect will be far reaching."

Many are for Cox, says George Harvey, because they are convinced that he will not keep his word. It is hard to conceive a harsher criticism of a Presidential candidate.—Wheeling (W. Va.) Intelligence.

MANY AUTO LICENSES HAVE BEEN REVOKED

Seventy-four automobile licenses in this state have been revoked during the year 1920, the highway department announced on Thursday. More than 50 of these revocations were the result of convictions for driving a car while under the influence of intoxicants. The seventy-fourth license to be revoked was that of Dr. J. C. Galbraith, Waynesburg, for a technical violation of the automobile law. Dr. Galbraith was informed of this violation and stated he would explain his case in a letter to the department. The letter was not received and the license was accordingly revoked.

INCREASE ALLOWED IN TROLLEY FREIGHT

Increases in freight rates on the Pittsburgh Railways company were granted by the public service commission on Thursday. The new tariff is effective November 15, and provides an increase of 40 per cent in class rates. This schedule will affect rates between Pittsburgh, Roscoe, Charleston, Donora, Monongahela, Canonsburg and Washington. The minimum charge for a single shipment is increased to 50 cents by this order.

SALE OF PIANOS

A REMARKABLE OPPORTUNITY

SAVE FROM \$50 to \$150

Commencing October 22, one of the greatest opportunities ever offered to the public to save money in the purchasing of pianos will begin. This sale will include the famous Schroeder Bros. Pianos, which have won their reputation upon the splendid service which they render. For beauty of tone and quality of workmanship, there are none which excel our instrument.

Among the instruments which will be offered in this sale is the famous

SCHROEDER BROS. PLAYER
at \$595.00

Which has these remarkable features:

DOUBLE VALVES, which assures accurate action and gives 100 per cent service. Valves which rarely get out of order.

DOUBLE REPEATING ACTION, a feature which allows the most perfect accuracy in reproducing the music of the player rolls.

Built of the very best quality materials, by experienced workmen who understand quality production. The Schroeder piano stands unexcelled in workmanship. In tone, there are few instruments which can compare with the Schroeder, for the scale has been constructed along the most modern scientific lines and adjudged incomparable by acoustic engineers.

There will be other Schroeder instruments on sale from \$695 up.

OUR EASY PAYMENT PLAN

allows you to secure the standard instruments at a very nominal deposit and in payments as low as

\$15.00 per month

Come in and inspect these instruments, and judge them for yourself. We are sure that you will find them the very best value that can be obtained anywhere for the price; in fact instruments which sell at considerably more in other localities.

The CHENEY

MODEL NO. 6 QUEEN ANNE USE OF THE TONE ARM IS THE CHENEY STYLE

The Charm of Cheney Music is Always New

THE CHENEY TONE ARM

THE CHENEY Tone Arm

Musical sounds are scientifically increased in volume in The Cheney tone arm because of the series of consecutively enlarging chambers, octagonal in shape, which amplify tones without distorting them.

Please send me without obligation your beautifully illustrated 32-page CHENEY booklet.

Name _____
Address _____

Each time you play THE CHENEY it gives the same pleasure that it does when first you bring it to your home. You will no more tire of THE CHENEY than you tire of music itself, for THE CHENEY is all music.

The playing of THE CHENEY has none of that sameness which marks and mars most recorded music. It is free from the usual mechanical limitations.

You hear the true richness and vibrance of an original selection, because of THE CHENEY drawn brass tone arm, and also the reproducer, acoustic throat, orchestral chambers and violin resonator.

Let us show you these features, or if you cannot call, send the coupon for the interesting CHENEY booklet.

National Bread

THE first loaf of National Bread is so surpassingly good that you are inclined to think of it as a "lucky" loaf. But as you serve this delicious bread day by day, at every meal, and learn that loaf after loaf is of the same uniform goodness, the wonder of its unusual excellence grows and grows. Its delicate, golden-brown crust, snow-white interior, even texture, and appealing made-with-milk flavor constitute a combination that make National Bread irresistible.

WIDOW OF ROOSEVELT URGES ELECTION OF WARREN G. HARDING

In Statement Declares Country's Vital Need Is Victory for Republican Candidates.

FIRST BACK OWN COUNTRY.

Says Opportunity Has Come to Women to "Make Her Influence Mighty in Behalf of Nation."

Oyster Bay, N. Y.—Mrs. Edith Kermit Roosevelt, widow of Colonel Theodore Roosevelt, is evincing keen interest in the Republican campaign. She recently gave to the press the following statement urging the election of Harding and Coolidge:

"The country's vital need is the election of the Republican candidates.

MRS. EDITH KERMIT ROOSEVELT.

Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanism in the next Administration be attained, if the people shall declare for the party which holds true nationalism as its high ideal. It is not necessary to forget our duty to our neighbor in doing our duty at home.

"The time appeals most strongly to the manhood and the womanhood of America. To woman more than ever before because to her has come the perfected opportunity to make her influence weighty in behalf of the nation.

"This year as never before, with world conditions as they are, steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and then by strong endeavor do all that can be done for peace and the general welfare in all lands."

REPUBLICANS INSURE ECONOMICAL CONDUCT

Washington.—Not one man in ten thousand realizes the enormous expenses run up by the present Government. The disbursements are roughly \$15,000,000 a day, more than a year after the war. In 1914 the people expostulated because the daily disbursements by the Treasury had reached \$2,000,000. How gladly would the people groaning under the impositions of profiteers and the burden of taxes welcome a return to those halcyon days! Congress and the new Administration will have to deal with the reduction of Government expenditures.

The same party that has swelled them returned to power will never reduce them, because it claims the government is being economically administered. The Republican party will delight in reducing these enlarged expenses for clerk hire, and the insatiable bureaus that have been built up into money spending machines. By holding in their hands all lines of expenditures the new Congress and new Executive working together will cut down excessive items and eliminate others to an aggregate of hundreds of millions of dollars.

NATION DEMANDS THOROUGH CHANGE.

Chicago, Oct. —If one were required to name a single factor which is doing more than any other to work toward Republican success in November, he would probably have to say:

Determination of the public to have a change and to get away from Wilsonism.

Reports from all quarters tell of this feeling, at once a desire for a change and a determination to bring it about at the polls November 2.

Whether it be from the central west, the far west, the east or the south, the reports tell of this seeking for a change. The desire for a change is born of dissatisfaction, dislike and disgust felt by the voters toward the Wilson administration and the things it has done and left undone.

Mr. Cox is looked on as a man who if he were elected would follow the track of Mr. Wilson. In fact, he has declared himself in "complete accord" with Mr. Wilson.

The public, by all accounts, is not looking for a man who will go along with Mr. Wilson or the Wilson policies.

SUITS

"Satisfaction in Every Thread"

THE satisfaction to be had in wearing combination suits can be fully understood only after an actual trial of a properly made garment.

The Munsing suits are perfect in every detail of manufacture. They fit well. All Munsing suits are cut to conform to the outline of the form, and are made in such a way that every part of the figure is completely covered.

The fabrics are elastic and yield readily to every action of the body.

The garments are easy to put on, always stay in place, and can be removed with less trouble than vests and pants.

They fit the form perfectly and are the best foundation for stylish, perfect fitting clothes.

Their advantages are so many and the satisfaction to be had in wearing them is so great that it is only a question of time when they will be worn by every one who wishes to be neatly dressed.

We have a large assortment of Fall and Winter styles—a perfect fit for every figure—tall, short, or slender.

TRACK WAS TOO SLIPPERY FOR OILERS

Capt. Roy Carson's "Trimmers" beat the "Oilers" two out of three games last night at the Elks' bowling alleys. The Oilers struck one producer in the third game, which they won by 16 pins. Capt. Carson rolled two beautiful games, but fell away off in his third. He had a good side kick in Roberts, who rolled a nice game.

"Bill" Ludwig was the star bowler for the "Oilers." By the amount of "rooting" that was going on you would have thought it was the "world series." The noise was so great that the band of the orchestra could not be heard by the dancers up stairs, where the regular Thursday night reception was being held. Tonight Capt. Howard Vernon's "Devil Dogs" play Capt. Henry Lowstutter's "Cubs." All games start promptly at 8:30 o'clock. Score:

Metrick	114	80	108
Clerhew	116	74	115
Strand	120	106	101
Roberts	141	128	105

CLAIRTON MEETS LOCALS TOMORROW

Tomorrow afternoon the Charleroi High School football team will play the Clairton High School team at the ball grounds. The Clairton team comes here as a dark horse because we have no knowledge of their ability. Nevertheless the locals are confident of beating any high school team they face. The local team has been practicing faithfully this past week and are in good condition. The injuries sustained by Captain O'Brien and Chalfant are being carefully nursed and they will most likely, be in the lineup tomorrow. The game will start at 3 o'clock.

The one sure way to obliterate every vestige of Wilsonism is to vote the straight Republican ticket on November 2nd next.

Last Night's Audience Mystified by Phonograph!

Hears Famous Soprano
compare voice with RE-CREATION by Edison's new phonograph—
could not tell the two apart

MADAME ODETTE LE FONTENAY, the famous operatic soprano, gave an extraordinary recital last night at High School Auditorium.

She walked on to the stage and stood beside a stately cabinet. She began to sing "The Swallows." The audience immediately yielded to the spell of her beautiful voice. Then suddenly there was a stir—a subdued murmur of surprise—and a perplexed rubbing of eyes. The voice continued to fill the auditorium with undiminished sweetness—your ears were proof of that—but her lips had become absolutely silent—your eyes told you that.

What wizardry was this? It was the test of direct comparison with the living artist, which Thomas A. Edison has developed to demonstrate that the Official Laboratory Model of his new phonograph will sing any song exactly as it was sung by the artist, and that his RE-CREATION of a singer's voice, as it comes from his wonderful new phonograph, positively cannot be distinguished from the singer's actual voice when both are heard in direct comparison.

Madame LeFontenay made repeated comparisons—always with the same result. It was truly wonderful. This master achievement of the great wizard, Edison, marks a new epoch in music.

THE NEW EDISON

"The Phonograph With a Soul"

You can have a duplicate of the wonderful instrument used at High School Auditorium and, if you act quickly, we can furnish you an engraved certificate (signed by Madame Le Fontenay) certifying that it is an exact duplicate in tonal quality of the instrument she used in her amazing comparison; also that it will sustain precisely the same test.

We have ten of the famous Official Laboratory Models and Madame Le Fontenay has certified every one of them. Come to our store at once and ask to see and hear the Official Laboratory Models on which Madame Le Fontenay has issued here Certificates of Authenticity.
